**Location:** Carlton  
**Salary Range:** Salary will be paid commensurate with experience

Melbourne Audiology & Speech Pathology Clinic

About Melbourne Teaching Health Clinics

The Melbourne Teaching Health Clinics (MTHC) was established by the University of Melbourne to operate and manage teaching health clinics that provide students at the University with world class clinical training as a core component of their studies. The organisation also provides continuing professional development training to persons working in the area of health care provision, facilitates research into health outcomes and provides patients with health services at more affordable rates.

The three teaching clinics operating within MTHC are the Audiology and Speech Pathology Clinic (ASPC), the Shepparton Medical Centre (SMC) and the Melbourne Dental Clinic (MDC). The ASPC is a new clinic for MTHC and has been established to provide excellence in clinical education for the next generation of Speech Pathologists in a private practice setting, while increasing access to comprehensive speech pathology services for members of the public.

About the Role

A fantastic opportunity exists for an experienced Speech Pathologist who enjoys delivering high quality client-focused care to an adult caseload while also supporting the clinical training of the next generation of Speech Pathologists. You will be joining a small and passionate team of Speech Pathologists that work together to deliver high quality, comprehensive services to speech pathology clients in a private practice setting, that is also committed to providing clinical supervision to Melbourne University Masters of Speech Pathology students on clinical placement.

Located in Carlton, close to Lygon Street and a short tram ride from the Melbourne CBD, the Melbourne Audiology and Speech Pathology Clinic is a progressive and client centred clinic that provides high quality care and an outstanding learning environment.

Benefits of joining our practice:
- Opportunity to grow and develop with the practice.
- Supportive and experienced team
- Clinical education experience aligned with the University of Melbourne.
- Competitive salary package.

Essential Selection Criteria

- Bachelor or postgraduate degree in Speech Pathology or equivalent, leading to eligibility for membership of Speech Pathology Australia.
• Relevant clinical experience in speech pathology clinical service provision in a private practice setting.
• Able to meet the clinical needs of an adult caseload that includes clients with speech, language and swallowing disorders post stroke, ABI or associated with progressive neurological conditions such as PD and MS.
• Either previous experience or a willingness to supervise undergraduate or post graduate speech pathology students.
• An understanding of the importance of evidence-based practice and a commitment to ongoing professional development, with a particular focus on teaching.
• Ability to manage a busy caseload in a private practice setting.
• Ability to deliver services and supervise students remotely, as and when required.
• Sound verbal and written communication skills, including the ability to communicate and comply with a range of stakeholders, including the NDIS, Medicare and Private Health insurers, so as to maintain and develop effective working relationships and promote optimal client outcomes.
• Commitment to Speech Pathology Australia’s Code of Ethics

If you want to join our team please submit a cover letter and CV through the APPLY FOR THIS JOB button next to the advertisement on the SEEK website.
