The Opportunity

Orygen's Primary Clinical Services team at headspace Craigieburn and Glenroy are seeking a Clinical Supervisor with strong planning and evaluation skills who demonstrates a sound ability to oversee and lead decisions in relation to supervising and supporting staff and students. The successful applicant will have the opportunity to work 0.2 FTE at either Glenroy or Craigieburn, or 0.4 FTE across both locations simultaneously if they desire to, increasing work freedoms and ease of access to your preferential location. You will be well supported operationally and clinically to ensure your career at Orygen is both fulfilling and rewarding without compromising on your life goals.

If you have a passion for the field of youth mental health and want to make a real difference to the lives of young people and their families and carers and share Orygen's values of respect, accountability, teamwork, excellence and innovation, then we would love you to join the Orygen team to revolutionise youth mental health.

The role and your impact

The Clinical Supervisor – Psychology, is a broad role providing great opportunities to support clinicians in their development, as well as broaden and develop your own clinical and management skills in a supportive, positive workplace culture. You will:

- Demonstrate leadership in the clinical decision-making processes
- Promote use of evidence-based clinical interventions in the treatment of mental illnesses (particularly high prevalence disorders) and substance use disorders.
- Participate in the ongoing planning, development, review and maintenance of clinical services at the nominated headspace centre
- Provide clinical leadership in the clinical case review meetings and multi-disciplinary team meetings to ensure appropriate clinical service pathway and service delivery
- Provide regular clinical supervision for clinicians and students at the nominated headspace centre in both group format and on individual basis
- Participate in and promote Research & Evaluation projects conducted through headspace centres
- Co-ordinate student placements and provide supervision for students

About you

Essential to this role is that you are endorsed as a supervisor in clinical psychology. You are passionate, energetic and determined to make a difference to health outcomes for young people. In addition, you will bring:

- Registration as Board-Approved Clinical Supervisor, eligible to provide supervision to provisional psychologists, psychology Registrars, and endorsed Clinical Psychologists.
- Significant experience in providing supervision of clinical staff and students.

- Significant experience in the provision of mental health care, including completion of mental health assessments, crisis intervention, psychoeducation and psychosocial interventions for young people experiencing mental health difficulties and/or substance use problems.
- Strong leadership skills and experience required to work effectively with senior management, staff and stakeholders.
- A breadth of understanding of the different types of organisations involved in mental health and drug and alcohol service delivery to young people.
- Knowledge of the common mental health, substance use and social problems faced by young people and the indicated evidence-based treatment/support options for these.
- Well-developed knowledge and understanding of relevant legislation, government policies and strategic directions in relation to mental health and alcohol and other drug disorders, particularly as it relates to young people.
