SENIOR WEB APPLICATION DEVELOPER – SYSTEMS TEAM

- Join a leader in youth mental health and be part of a supportive team.
- Purposeful work, making a real difference to young people.
- Full time fixed term contract ending 30 June 2023.
- Access to generous NFP salary packaging and flexible work/life balance arrangements.

Work for us!

THE OPPORTUNITY

The Systems team is focused on delivering quality services to our users though the development and maintenance of Orygen’s web platform and inferences.

While also supporting the front end Kentico website, this position focuses heavily on continuing the custom development of an ERP system which has the purpose of automating tasks and supporting the decision making of Orygen’s senior leaders.

This role is highly valued within Orygen as it brings tangible benefits to many people across the business by way of process improvement.

ABOUT ORYGEN

The why behind what we do is important. We believe that all young people deserve to grow into adulthood with optimal mental health. Everything we do is focused on this outcome. Orygen is leading and redefining what’s possible in global research, policy, education and clinical care.

THE ROLE AND YOUR IMPACT

The Senior Web Developers role is designed to aid the management of Orygen’s internal information and office systems and applications that relate to .NET, Drupal LMS and our ECRF (Research database), as well as our forward facing Kentico environment.

The role requires a person who can investigate issues outside of their current skills set, that is proactive and is flexible when priorities shift. To be successful in this role you will need to have excellent interpersonal skills and can build trust with internal and external stakeholders.

BENEFITS

Depending on your skills and experience, a salary of $95,000-$105,000 p.a. is offered plus superannuation, access to generous NFP salary packaging, flexible work/life balance benefits, supportive team, development opportunities, purposeful work that makes a real difference to lives of young people and their families and carers and career opportunities within an organisation that is the leader in youth mental health.

ABOUT YOU
The following key selection criteria must be met to be successful:

- 6 years + experience in Kentico CMS
- 6 years + of .Net Development experience in designing, developing and implementing enterprise-level, n-tier, web-based, software solutions
- Strong knowledge of C#, IIS, Visual Studio, SQL Database design and development, latest website security methods.
- Good hands-on knowledge of Web Application Performance, CSS, Javascript, jQuery, XML & WebServices
- Experience in e-commerce
- Ability to provide accurate timing estimates for work based on verbal and written technical briefs.
- Ability to investigate issues outside of their current knowledge or skills set
- Ability to plan actions and work to tight deadlines, working effectively both independently and as a part of a team in an environment with changing and competing demands.
- Excellent organisational skills and attention to detail
- High level communication, presentation, and interpersonal skills
- Excellent interpersonal skills with an ability to build and maintain effective relationships with team and stakeholders.

To view the FULL selection criteria and learn more about this opportunity, please go to www.orygen.org.au/About/Work-with-Us to view the position description or contact Alan Sweeney, Systems Manager, on alan.sweeney@orygen.org.au for a confidential discussion.

APPLY

Please refer to the position description and submit your resume and cover letter to careers@orygen.org.au, using the subject line ‘Senior Web Developer – Systems Team’ followed by your ‘full name’.

Closing date: Sunday, 18 April 2021.

You are encouraged to submit your application as soon as possible. Orygen may close the advertisement before the closing date.

Orygen is dedicated to gender equality, diversity and inclusivity. We strive to continue to build a culturally safe workplace where our values underpin the way we work and our strategic commitment to partner with First Nations people of Australia, young people and their families, LGBTIQ+ people and CALD people. We strongly encourage applications from the First Nations people.
