

Careers in China

24 August - 4 September 2026

Connect with talent through Careers in China

Are you an organisation based in China, or with operations in China?

Join Careers in China, a unique opportunity to engage with highly engaged, career-ready students who speak Mandarin, or are Chinese international students. This program will connect you directly to students eager to go to, or return to, China to launch their careers. Whether your organisation offers internship or graduate opportunities, you can participate through virtual or in-person sessions to promote your organisation's career pathways and brand.

Program overview

Employer Talk:

These 45-60 minute sessions offer a platform for your organisation to share:

- Your mission, values and organisational culture
- Key projects and future direction
- Current opportunities and application tips
- A Q&A, providing students with a forum to ask questions and seek advice.

**The Careers and Employability team will facilitate targeted student promotional campaigns and event management.*

Audience

Over 2,000 students across a variety of academic backgrounds attend this program! They are ready to make professional connections and explore their career options in China.
