

CLINICAL EDUCATOR

- **NFP Salary Packaging options; work/life balance**
- **Part-time (0.6 FTE) fixed term position for 12months**
- **Leading organisation in youth mental health**

About the role and its impact

We are currently seeking applications for a part-time (0.6 FTE) Clinical Educator to join Research & Translation. This exciting opportunity is a fixed term position and is available for 12 months.

We believe that all young people deserve to grow into adulthood with optimal mental health. Everything we do is focused on that outcome, pioneering new, positive approaches to the prevention and treatment of mental disorders.

As the Clinical Educator, you will work within a dynamic team of clinicians and academics who contribute your skills and knowledge to the service innovation, workforce development and research translation initiatives of Orygen. These initiatives are undertaken by Orygen's Research & Translation staff in order to grow the capacity of the Youth Mental Health (YMH) workforce to improve the lives of young people experiencing mental ill-health. You will provide thought leadership in the Research & Translation area, contributing to and influencing decision making processes, such as research and development, quality and continuous improvement and organisational planning and reporting.

As a guide, remuneration of \$95,000 - \$110,000 per annum pro rata is offered, dependent on skills and experience; NFP generous salary sacrificing opportunities are also available to the successful candidate.

Please refer to the Position Description below for the selection criteria and other duties, skills and experience required for this position.

About you

As the Clinical Educator, you will have:

Tertiary qualifications in clinical psychology, occupational therapy, mental health nursing or social work.

Current registration with the Australian Health Practitioner Regulation Agency or equivalent registering authority.

Knowledge or training equivalent to proven expertise in the translation of current evidence into clinical practice.

Ability to generate and use a high level of theoretical and applied knowledge.

High level understanding of key issues facing the youth mental health workforce.

A multi-perspective understanding to the development and implementation of new projects.

A high level of experience in a range of service and workforce development activities.

Ability to develop and maintain professional relationships with clinicians, community workers and managers across a range of organisations and foster effective working relationships with key stakeholders.

Ability to effectively lead, develop, implement and evaluate projects.
